

ACTIVITIES

SCHOOL YEAR: 2004-2005

MASTIC OF CHIOS A MIRACLE OF THE NATURE?

Twenty students have studied a unique Greek product, gum mastic, which is produced in the island of Chios, the only place in the world where this product can be found.

The mastic of Chios is known in Greece since antiquity for its many curative properties. We studied its history, its effects on our health, and we used it in some recipes, foods and sweets.

Six students and two teachers got involved into the pie affair making a greek traditional spinach pie and a cheese pie from Mani
